Open live site

Simple idea

Website = shop window. Admin = back office. Customers see the shop. Only you control the back office.

• What customers can do on the site

- ✓ **Book / WhatsApp** — open chat to book an event
- ✓ **Call / Email** — contact the studio directly
- ✓ **Watch videos & open photos** — see real productions
- ✓ **Open map** — find the Surat studio

Home page — *all sections*

When someone opens parthproduction.in, they see these sections from top to bottom.

- **1. Loading screen**

- ✓ Shows the brand name **Parth Production** while the page prepares
- ✓ Then opens into the homepage

- **2. Hero (first big screen)**

- ✓ Full-screen live event video in the background
- ✓ Brand name: **Parth Production**
- ✓ Headline: **One stop solution for unforgettable moments**
- ✓ Short line about sound, light, SFX, truss, fireworks, DJ
- ✓ Buttons: **Book a production** (WhatsApp) and **Services**

- **3. Moving capability ribbon**

- ✓ A sliding list of what you offer (sound, lighting, DJ, LED, weddings, festivals, concerts, and more)
- ✓ Helps visitors quickly understand your full range

- **4. Beyond Events video section**

- ✓ Title: **Beyond Events. We Create Experiences**
- ✓ Short vertical videos for Weddings, Concerts, Festivals, Corporate, Road Shows, SFX Nights
- ✓ Videos auto-move; visitors can swipe and tap to watch larger
- ✓ **You can change these videos from Admin → Videos**

Home page — *more sections*

- **5. Bringing Every Moment To Life**

- ✓ Eyebrow: **Designed For Every Celebration**
- ✓ Wide featured stage image
- ✓ Three service cards: **Sound, Lighting, DJ Artists**
- ✓ On mobile, the 3 cards slide one by one (auto + swipe)
- ✓ Buttons: **Book a production** and **View services**

- **6. Stage Gallery**

- ✓ Title: **Our Productions / Stage Gallery**
- ✓ Curved photo carousel of real stage work
- ✓ Visitors can open a photo larger and move previous/next
- ✓ **You can change these photos & titles from Admin → Stage Gallery**

- **7. Lock the night (booking strip)**

- ✓ Strong final invitation to book
- ✓ Line: **Your date. Our system. One crew.**
- ✓ Buttons: **Book Event** and **Explore systems**
- ✓ Simple 3 steps shown: Date locked → System planned → Crew on site

- **8. Footer (on every page)**

- ✓ Logo + short brand line
- ✓ Links to Home, Services, Gallery, About, Contact
- ✓ WhatsApp, phone, email, address
- ✓ **Contact details come from Admin → Site Settings**

Services page — *all sections*

This page explains the 5 event systems clients can book.

- **Page opening**

- ✓ Big cinematic banner image with page title
- ✓ Short intro about full production systems

- **Quick jump buttons**

- ✓ Buttons for each system so visitors can jump fast

Concerts

Weddings

Festivals

Corporate

Road Shows

- **Each service block includes**

- ✓ **Service name** and short badge/label
- ✓ **Summary** of what that event system includes
- ✓ **Detail text** explaining the experience
- ✓ **Highlight points** (what is included / special)
- ✓ **Cover image + gallery photos** for that service
- ✓ **Book button** — opens WhatsApp with a ready message for that event type

What you can change in Admin

Admin → Services lets you replace the cover image for each of the 5 systems. After Save Changes, the Services page updates.

Gallery page — *all sections*

This page is your photo proof — real events, real stages.

- **Page opening**

- ✓ Cinematic header with Gallery title

- **Featured spotlight**

- ✓ One large featured photo that changes automatically
- ✓ Side thumbnails to pick another photo

- **Photo ribbon**

- ✓ A moving / scrollable row of event photos
- ✓ Shows many productions at a glance

- **Full-screen photo viewer**

- ✓ Tap a photo to open it big
- ✓ Next / previous controls to browse

- **Photo categories (managed in Admin)**

All Events

Weddings

Festivals

Concerts

Road Shows

Corporate

What you can change in Admin

Admin → Gallery: upload, delete, reorder photos. Max 5 images per category. Save Changes to publish.

About page — *all sections*

This page builds trust — who you are, your journey, and why people choose you.

- **1. Page opening**

- ✓ Cinematic banner with About title
- ✓ Short brand introduction

- **2. Brand story**

- ✓ Explains Parth Production's purpose and style
- ✓ Focus on creating unforgettable live moments

- **3. Journey timeline**

UPDATE FROM ADMIN

Change phone, WhatsApp, email, and address anytime in **Admin** → **Site Settings**, then Save Changes.

How the admin panel *works*

This is your private control room. Customers cannot see it.

- **Login steps**

- ✓ Open the admin login page on your website
- ✓ Enter username and password
- ✓ Click Sign In
- ✓ After login you see the dashboard with left-side menu

- **Important rule**

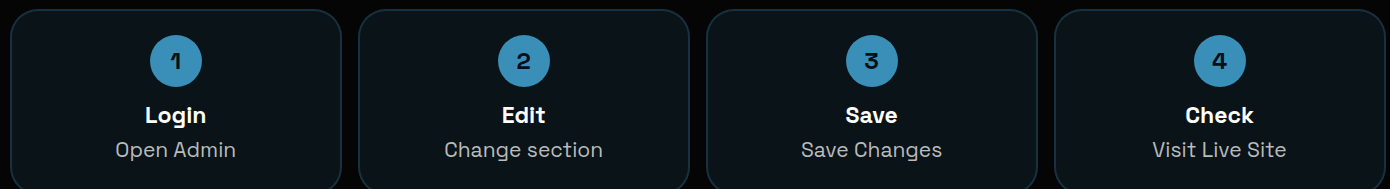

Nothing goes live until you save

When you upload or edit, changes are held as “staged.” Click

Save Changes

and confirm. Then the public website updates.

- **Every time you update**

- **Extra tools on login**

- ✓ **Forgot Password** — use Master Recovery Key to set a new password
- ✓ **Visit Live Site** — preview what customers see
- ✓ **Logout** — always log out on shared computers

Admin sections — *what each one does*

SECTION	WHAT YOU CAN DO	SHOWS ON
Gallery	Upload / delete / reorder photos. Categories: All Events, Weddings, Festivals, Concerts, Road Shows, Corporate. Max 5 photos per category.	Gallery page
Videos	Upload / delete / reorder up to 6 short videos (MP4). Best as short vertical clips.	Home video section
Services	Replace cover image for Concerts, Weddings, Festivals, Corporate, Road Shows.	Services page
Stage Gallery	Add / replace / remove up to 9 stage images. Edit titles. Reorder slides.	Home Stage Gallery
Site Settings	Update email, WhatsApp number, second phone, address. Manage email sending setup. Change admin username/password.	Contact, footer, all Book buttons

UPLOAD TIP

Use clear event photos. For videos, short vertical MP4 looks best on phones.

SAFETY TIP

Do not share admin password. Keep Master Recovery Key private like a vault key.

Remember

Edit → Save Changes → Visit Live Site. That is the full daily workflow.
