

PARTH PRODUCTION

Simple Website Guide

Very easy. No technical words.
What each button does in one short line.

1) Main Website Menus

Home	Opens the main page of the website.
Services	Shows all services you offer (sound, light, DJ, and more).
Gallery	Shows photos of past events.
About	Tells your company story.
Contact	Shows phone, WhatsApp, email, and address.
Book / Book now	Opens WhatsApp so a client can book you.
WhatsApp	Starts a WhatsApp chat with your business number.
Call / Phone	Calls your business phone number.
Email	Opens email to write to your business.
Map / Studio	Opens Google Maps to your Surat studio.

2) Admin Panel (Private Control Room)

Only for your team. Customers cannot see this page.

Open: parthproduction.in/admin/login

Login	Enter username and password to open the admin panel.
Gallery	Add, remove, or reorder photos for the Gallery page.
Videos	Add, remove, or reorder videos for the homepage.
Services	Change the main picture for each service.
Stage Gallery	Change homepage stage photos and titles.
Site Settings	Update phone, WhatsApp, email, and address.
Save Changes	Saves your edits and shows them on the live website.
Visit Live Site	Opens the public website to check what customers see.
Logout	Closes your admin session safely.

Simple daily rule

Login -> Edit what you need -> Save Changes -> Visit Live Site -> Logout

3) Quick Map (What changes where)

Want to change...	Go to Admin...
Gallery photos	Gallery
